

Unique characteristics

Backflow protection unit type

MEDICARE shower mixer

MEDICARE shower mixer features a pressure- and temperature-balanced thermostat that ensures an even temperature and stable flow rate. Its Safe Touch design keeps the outside of the mixer cool, reducing the risk of burns. Ergonomic levers make the mixer easy to use, even for people with reduced hand function.

The mixer is designed with a hot-water flushing function (thermal disinfection), ideal for premises with high hygiene standards.

About the collection

MEDICARE is FM Mattsson's range of products for healthcare and care settings with high requirements for hygiene, safety and accessibility. The products are made from lead-free brass and combine a construction designed for easy cleaning with well-thought-out design, ergonomic controls and safe temperature settings. With a 10-year spare parts guarantee, Medicare is a reliable, long-term choice for professional installations.
