

Unique characteristics

Backflow protection unit type

9000XE care kitchen/basin mixer

9000XE wall-mounted kitchen mixer is designed for professional kitchens, offering clean, flexible installation and the option to choose a spout to best suit your needs (spout not included). The ergonomic lever is easy to operate with the whole hand and provides good control even for users with reduced hand function.

About the collection

9000XE series is designed for a long service life, high reliability and low resource consumption. This range is made from lead-free brass and combines energy-efficient features with timeless design.

The products in the range are designed so they can be reused, with a good supply of spare parts – a reliable choice for projects with high requirements regarding life-cycle costs and environmental certification. A range designed to last for generations.

Article number: 86304500 **RSK:** 8312443 **Flow 3 bar:** 17.0 l/m
