

Garden valve with key

Our garden valves are self-draining and therefore frost-proof even if you forget to dismantle the garden hose before the season with degrees below zero. However, we recommended that you always remove the hose and coupling when there is a risk of low temperatures.

Article number: 42931000 **RSK:** 4316700

Description: For wall thickness max. 1000 mm

Unique characteristics

- Self-draining
- With Key
- With approved non-return valve
- Frost-proof even if the hose/coupling is connected
- Can be cut to suit wall thickness
- Wall bracket: H=106 mm, W=66 mm, diagonal screw holes

Backflow protection unit type
