

Unique characteristics

Backflow protection unit type

9000XE care kitchen mixer

9000XE care kitchen mixer is designed for professional kitchens. The ergonomic lever is easy to operate with the whole hand and provides good control even for users with reduced hand function. The C-spout is designed to provide good reach and a smooth workflow in dishwashing and kitchen areas, while improving ergonomics in day-to-day work.

About the collection

9000XE series is designed for a long service life, high reliability and low resource consumption. This range is made from lead-free brass and combines energy-efficient features with timeless design.

The products in the range are designed so they can be reused, with a good supply of spare parts – a reliable choice for projects with high requirements regarding life-cycle costs and environmental certification. A range designed to last for generations.

Article number: 86014900 **RSK:** 8312435 **Flow 3 bar:** 6.0 l/m

Description: Chrome, connection Cu Ø10 mm

- Cold Start
- Ceramic cartridge with soft closing function
- Adjustable flow control and temperature limiter
- Eco Flow (energy and water saving aerator)
- Swivel spout, limitation part for 60°, 85°, 110° or 360° included
- Lever: 165 mm
- With dish washer valve, switchable between cold and hot water. Pre-set on cold water
- Connection pipes, Cu Ø10 mm
- Lead Free material
- Hole diameter Ø34-37 mm
